At the Seventh Anniversary of "THE NEWFOUNDLAND CHURCH SOCIETY," *held at St. John's, 27th November,* 1848,

The Right Rev. the LORD BISHOP OF NEWFOUNDLAND, President, in the Chair.

THE Report of the Committee, and the Treasurer's Account, having been read by the Rev. T. F. H. BRIDGE, Secretary,—It was

Moved by the Hon. Judge DES BARRES, and seconded by JAMES CLIFT, Esq. :—

That the Report just read be received and adopted, and printed, with the Treasurer's Account, under the direction of the Secretary.

Moved by the Hon. E. M. ARCHIBALD, Her Majesty's Attorney-General, and seconded by C. D. NEWMAN, Esq., Head Master of the Academy :—

That this Meeting desires to express its devout thankfulness to Almighty GOD, for whatever of success has attended the labours of the "Newfoundland Church Society" since the last Anniversary.

Moved by THOMAS BENNETT, Esq., and seconded by the Rev. F. W. TREMLETT, of Portugal Cove :—

That this Meeting regards the information, obtained by the Lord Bishop of the Diocese on his late Visitation, of the great Religious destitution of the Labrador, and the Western Coast of Newfoundland, as a call to renewed exertion on the part of the Church Society to carry out its proposed object of providing for "the maintenance of Clergymen in destitute settlements."

Moved by H. W. HOYLES, Esq., and seconded by G. T. BROOKING, Esq. :—

That this Meeting gratefully acknowledges the past sympathy and liberality of the Society for the Propagation of the Gospel in Foreign Parts, and expresses the hope that they are so appreciated by all classes in communion with the Church, that they will be glad and ready to enable that Society, by their own contributions, to with-

draw some of the support it has afforded to the old established Missions in this Colony, with the view of extending its care to others who have not yet been benefitted by its assistance.

Moved by the Rev. C. BLACKMAN, Minister of St. Thomas's Church, and seconded by C. F. BENNETT, Esq.:—

That this Meeting tenders an expression of its continued interest in the proceedings and welfare of the kindred Societies of the Dioceses of Nova Scotia, Montreal, Toronto, and Fredericton.

Moved by W. RENDELL, Jun., Esq., Churchwarden of St. John's, and seconded by the Rev. GEORGE M. JOHNSON, Curate of St. John's:—

That the thanks of this Meeting be given to the Officers of the Society for their services during the past year; that GEORGE T. BROOKING, Esq., be requested to undertake the office of Treasurer, and that the following Members of the Society do compose the Committee for the ensuing year, (see list of Officers.)

REPORT.

THE Committee of "THE NEWFOUNDLAND CHURCH SOCIETY," in submitting the Report of their proceedings during the past year, feel it due to the Members to account for the delay in the calling of the usual Anniversary Meeting. The absence of the Lord Bishop on his visitation put it out of the power of the Committee to convene it at or near the customary time; and then the near approach of the General Election seemed to render a further postponement desirable.

In the Treasurer's account, which will be laid before this Meeting, a detailed Statement of Receipts and Expenditure will be found. It will not be necessary, therefore, to say more in this Report, in reference to the funds, than that the amount available for the year ending the 31st of December, 1847, was £1,233 16*s.* 2*d.*; and that "under the recommendation and sanction of the Lord Bishop of the Diocese," in accordance with the Vth standing Rule, the Committee have appropriated the sum of £984 10*s.* 6*d.* to the various objects which it is the province of the "Church Society" to assist.

Although the year 1847 was one of great and general depression, and, in consequence, the subscriptions did not, in every instance, equal those of the preceding year, the Committee remark with pleasure that the cause of the Society has not been overlooked in those Missions in which collections were formerly made; whilst it is a source of peculiar satisfaction to be able to state, that its claims are no longer disregarded in several Missions

in which they seemed not previously to have been acknowledged. Contributions have, during the past year, been received from Harbour Grace, Bay Roberts, Carbonear, Brigus, and Ferryland.

The Committee cannot but feel that the labour of making collections is very onerous and distasteful to the Clergy, and they would rejoice, if, by the willing offerings of the people, brought or sent to the Minister or other person authorized to receive them, the necessity for each and all being called upon for their contributions could be superseded. In connection with this point, the Committee are glad to avail themselves of an extract from a Pastoral letter of the Bishop to his Clergy, of the 28th of October, 1845:—

"You cannot feel," his Lordship writes, "more strongly than I do that a very laborious and irksome service will be superadded to duties already sufficiently onerous and ill-requited; but if it be, as indeed it is, for the honor of GOD and HIS Church, and the maintenance of Scriptural truth and Apostolic order in this country, I confidently expect you will not shrink from performing or attending it."

In the meanwhile, the Committee cannot refrain from stating, that they have no sympathy with objections which are sometimes made, to the system of collecting by the Clergy themselves. That contribution which an Apostle of CHRIST thought it not beneath him and his office to recommend and enforce, (an office which, as he tells us, he took due care in every proper place, and on every just occasion, to "magnify,") no Minister of the present day need be afraid or ashamed to carry on and carry out in all its necessary details. And does not St. Paul plainly write to his Corinthians, "If we have sown unto you spiritual things, is it a great matter if we shall reap your carnal things?" And again to his Galatians, "Let him that is taught in the word communicate to him that teacheth in all good things?" Besides, the Clergy in this Diocese now derive their main support from funds similarly obtained. The Clergy at home do not consider it inconsistent with their office either to urge on their congregations the duty of giving of their

means for the maintenance and extension of the Colonial Church, or to go from house to house in their Parishes collecting alms for these objects. It is hoped and believed that if these arguments be calmly considered, their force will be felt, and their reasonableness allowed; and the Clergy be encouraged and honored in the execution of a new and laborious service for CHRIST and the Church's sake.

However, the support of "THE CHURCH SOCIETY," and through it of the Clergy of the Diocese, cannot any longer be considered a matter of choice. The time is at hand,—or we may more correctly say, is come,—at which the "SOCIETY FOR THE PROPAGATION OF THE GOSPEL IN FOREIGN PARTS" proposes to reduce its allowances to its Missionaries by one-half, and to continue the other moiety on condition that the several congregations make up the deficiency by their own contributions. The Society's allowance to the Bishop of the Diocese is included in the proposed reduction. The following is the Resolution of the Society:—

"After July 1st, 1849, the Bishop's salary from the Society to be reduced to £250, and that of every Missionary then on the list to a sum not exceeding £100. Such sums to be continued on the condition of what is reduced by the Society being made up by the people. What is saved by the Society to be expended on the maintenance of additional Clergy."

Several Missionaries have been already appointed with the reduced allowance; and the Rev. J. CHAPMAN, one of the oldest labourers in the Diocese, continues in the incumbency of Harbour-Grace on similar terms. It should be recollected, however, that the "SOCIETY FOR THE PROPAGATION OF THE GOSPEL" has not determined to withdraw from Newfoundland the sum which will be at their disposal by the proposed reductions in the stipends of the Bishop and the Clergy in long-established Missions, but would rather apply it to the partial support of Missionaries in those parts of the Diocese which are now in such a state of painful spiritual destitution.

But the Committee turn to more pleasing topics. It is with deep gratitude to HIM, "without whom nothing

is strong, nothing is holy," that they express their conviction that the cause of Scriptural truth and Apostolic order, or, in other words, of CHRIST and HIS Church, is steadily and surely advancing in the Diocese. In the earlier part of the year, the Lord Bishop consecrated new Churches at Fox-trap on the South Shore of Conception Bay, at Broad Cove St. Philip, next to Portugal Cove, and at Heart's Content in Trinity Bay. Two other Churches, one at Petty Harbour, and the other at Pouch Cove, in this Deanery, are in that state of forwardness, that their Consecration will, it is hoped, take place before the Bishop leave these shores for the Bermudas.* His Lordship, on his late Visitation consecrated Churches at Harbour Britain and La Poile. The Church at Lower Burgeo has been considerably enlarged;—that at Belleoram much needs to be extended. At Burin, Renews, Woody Island, Herring Neck, Exploits Burnt Island, Joe Bat's Arm, or Burnt Islands, Change Islands, and Red Cliff Island, Churches are in progress. The Churches at Portugal Cove, Torbay, and Quidi Vidi have been either enlarged, or otherwise appropriately fitted during the past year.

More important still in its bearing on the interests of the Church and the spiritual and moral benefit of its members, is the improved Ecclesiastical arrangement of the Diocese by the increase of Rural Deaneries, conformable, as far as might be, to the natural divisions of the Island. In addition to the Deaneries of Avalon and Trinity, there have been created the Deaneries of Conception Bay, Twillingate, Placentia Bay, and Fortune Bay. Simultaneously with this arrangement, new Missions have been opened, or the number of the Clergy in previously-existing Districts increased. In the Deanery of Fortune Bay, there are now two Clergymen at Harbour Britain, and one at La Poile, besides the Missionaries before stationed at Belleoram, the Burgeos, and St. George's Bay. The Mission of Burin, for some time

* These Churches have since been consecrated: the former, by the name of St. Andrew, on the Feast of that Apostle; the latter, on the 4th of December, by the name of St. Thomas.

vacant, has been supplied: there is now a resident Clergyman there, as well as one at Harbour Buffett, in Placentia Bay. Your Committee beg to call particular attention to this increase of the Missionary Staff, in evidence and exemplification of the "Propagation Society's" purpose of extending the sphere of the Church's operation through the reduction of the salaries. Something, or rather much, has been already effected by these means. Let the members of the CHURCH SOCIETY reflect on the blessings thus conveyed to their poor brethren in the remote and desolate parts of the Diocese; and remember that by their regular and cheerful payments to make up the proposed reductions in the older Missions, these blessings may be yet more widely extended, to many districts still, as it were, "sitting in darkness and the shadow of death."

In alluding, however, to these gratifying circumstances, it is not to be forgotten, that whatever cause they furnish for giving GOD thanks, they are evidences of the great spiritual wants which are yet but very partially supplied.

The recent Visitation of the Labrador and of the opposite Coast of Newfoundland by the Lord Bishop, has brought to light a painful amount of religious destitution. From Forteau Bay to Sandwich Bay, the most northern point to which his Lordship had time to proceed, there are numerous harbours and coves, which are not only frequented during the summer by thousands of people, chiefly from the northern District of this Island, but inhabited by a considerable fixed population. In but one place to which the Bishop went, was any certain trace found of any previous visit of a Clergyman of our Church. Elsewhere his Lordship was not merely the first Bishop, but the first Clergyman of any order belonging to our Communion, who had carried the word and means of Grace and Salvation to those barren shores. He and his errand were heartily welcomed and kindly received by all classes,—by Englishmen, by natives of this colony, and, not the least, by the poor, but warm-hearted Indians. Everywhere a strong desire was expressed for the permanent enjoyment of the blessings, of which the Bishop

was but the transient and temporary messenger; and, with that desire, a determination to bestow of their worldly substance for the supply of their spiritual wants by the ministrations of our Holy Church. It would be long to relate in what places Clergymen and Schoolmasters should be stationed,—Churches and Schoolhouses built. "The fields are already white for the harvest;" "the harvest truly is plenteous, but the labourers are few." What is the duty of Christian Churchmen? First, to "pray the Lord of the harvest to send forth more labourers into His harvest;"—and then, remembering our many blessings and privileges, and how we have enjoyed and still enjoy them, in a great measure, through the charity and liberality of others, to give of our means with cheerful hearts and liberal hands, that HIS Name, than Whose there is "none other Name under Heaven given among men by Whom we must be saved," may be heard, and known, and glorified, where now there are none to proclaim the glad tidings of His exceeding great love to our lost race.

In the course of his Visitation, as has been already stated, the Bishop consecrated Churches at Harbour Britain and La Poile; and the rite of Confirmation was administered at eleven different places.

The Bishop has paid into the hands of the Treasurer the amount of the donations and fees for services rendered by the Clergy who acted as his Chaplains on his visitation, chiefly on the Labrador coast,—viz., £27 15*s.* 10*d.* The Committee have requested his Lordship to allow them to appropriate their amount, with a further sum making it up to £50, towards the heavy expenses of his protracted and important voyage.

In the last Report it was announced that the Depository for the sale of Bibles, New Testaments, Books of Common Prayer, Tracts, and other works issued by the "SOCIETY FOR PROMOTING CHRISTIAN KNOWLEDGE," which had been closed from the date of the fire of 1846, nad been re-opened at the shop of Messrs. M'COUBREY, in Water-street. It is gratifying to the Committee to be able to furnish the following proofs of

its usefulness. There have been sold since August, 1847, to 1st November, 1848, (a period of only 15 months,) 224 Bibles, 176 New Testaments, 1,054 Books of Common Prayer, 806 Bound Books, 1,797 Tracts and Miscellaneous Publications. No Book is issued from the Depository gratuitously; and it should be remembered that there are other Societies engaged in circulating the Holy Scriptures and Religious Tracts. With the help of this Depository, the Church Society performs the services, and confers the benefits of the Bible, the Prayer Book and Homily, and the Religious Tract Societies, in addition to its more immediate and peculiar purpose of extending and rendering permanent the enjoyment of the blessings of our Holy Religion, by the support of the Missionary Clergy, and the erection of Churches and Parsonage-houses in all parts of the Diocese.

The Committee refer with thankfulness and pleasure to the progress made during the past season in the erection of the Nave of the Cathedral Church. The present appearance of the works encourages the hope of our being soon permitted to worship GOD in a Temple better suited to express our reverence for, and devotion to the DIVINE MAJESTY, than any which has existed before in this Diocese. The Committee deem it scarcely necessary to advert to the great desirableness (though that word is a very weak and inadequate expression of the intense anxiety they feel on the subject,) of the sacred building being carried on and completed in its proposed integrity, with all necessary ornaments and appendages, whether for use or beauty. "The House must be exceeding magnifical," said pious David in reference to the Temple he desired to build, "for it is not for man, but for the LORD GOD." Neither will they doubt, that, when an appeal is made for local contributions with that view, the Members of the Church will exhibit their sense of gratitude to GOD, and to those, who, moved by HIM, have helped us thus far, by many a self-denying sacrifice. The success of the call for a haul of scaffolding-poles last winter may be regarded as an evidence of good-will and an earnest of future co-operation.

It may not be out of place to mention here as a matter of much importance not merely to the health of the community, but to religious decency and propriety, the appropriation by His Excellency the Governor, (whose exertions in this behalf deserve our warmest and most grateful acknowledgments,) of a large and suitable piece of land at the Eastern end of the town to the purposes of a Cemetery. The ground has been conveyed to the Lord Bishop in trust. It has been already enclosed by His Lordship with a substantial and sightly fence: and it is hoped, that it will be duly set apart by Consecration for its solemn uses next year.

The recent establishment, by and under the Lord Bishop of the Diocese, of a School for young Ladies, to which day-pupils as well as boarders are admissible, seems to call for some notice. The want of such an Institution has been long and severely felt here: and whilst the supply of it has laid his flock and this community under a further obligation to the Bishop of Newfoundland, who has undertaken the whole responsibility and risk of the enterprise, it has given increased completeness to the educational system in this Island in connexion with the Church. With the means of obtaining for their children, sons and daughters, a sound and useful education, based on the principles and pervaded by the spirit of Religion, now afforded in the Collegiate School and the young Ladies' Seminary, it is believed that the painful necessity is effectually obviated of separating young people from their Parents at an age, when, perhaps, no educational advantages offered by schools in other countries, can compensate for the total loss of parental supervision. In the Schools a superior education may be obtained at a very moderate charge; and young men, disposed and fitted by the Grace of GOD for the work of the Sacred Ministry, may be prepared and trained in the Theological College at a less annual expense, than the cost of a common education in any good private School in Great Britain. The Scholarships, founded by the "SOCIETY FOR THE PROPAGATION OF THE GOSPEL IN FOREIGN PARTS," will also be open to competition among the Stu-

dents and Boys of the Collegiate School, as vacancies occur. Among the Scholars now in the College, there are two young men who are natives of the Colony; and three others, also natives, who were on the Foundation, have been ordained, and are labouring as Clergymen in the Island.

Reviewing their brief Report of the chief events of recent occurrence in connexion with the Church, the Committee cannot but reflect how vast a debt of love and obedience all her Members owe to HIM, Whose good Hand has been thus graciously and signally upon her; and that HIS past mercies are a call upon them to renewed exertions and enlarged sacrifices in HIS service. Happily exempt ourselves, as a part of the British Empire, from the anarchy and confusion which have desolated some of the fairest Kingdoms of the Old World, and swept away thrones and sceptres, around which were gathered, as their stay and bulwark, the hereditary privileges and traditionary glories of centuries, we should yet desire and pray to learn wisdom from such mysterious judgments; and they will not have fallen upon the nations all in vain, so far as we are concerned, if whilst the crash of falling dynasties, and the cries of "the madness of the people," reach our ears across the wide waters, we are drawn ourselves into closer and more faithful allegiance to that "Kingdom which shall not be shaken;" quickened to greater efforts and more earnest prayers that all men may be brought into it; and rendered more sensible of the duty and privilege of "following peace both among ourselves and towards all men."
